

AMENDMENTS TO THE SPECIFICATION

Please amend paragraph [0066] as follows:

--[0066] In this case, the rotational protrusion 68 at the other end of the first lever 62a rotates in the coupling recess ~~70a~~70 at one end of the second lever 62b as soon as the other end of the first lever 62a moves toward the display panel 56 together with one end of the second lever 62b.--

Please amend paragraph [0067] as follows:

--[0067] And, the second lever 62b rotates centering around the lever rotational shaft 80 coupled with the second lever fixing part 74b as well as soon as the other end of the second lever 62b rotates toward the display substrate 60 to press the switch ~~68~~58. --
